## Transitions Summer Workshop

Through a grant from the Howard Hughes Medical Institute, The University of North Texas will provide 16 community college students with the opportunity to learn academic success skills and an introduction to research methods at the university level. Applicants must be completing their first year of college and intend to major in Biology or Biochemistry at the university level. The experience is 5 weeks long and will be held on the UNT campus in Denton beginning in June.

### What does the Transitions Summer Workshop provide for students?

- \$1,500 stipend for students.
- Provides training in academic success skills.
- Teaches introduction to research methods.

### Priority deadline for applications is April 10, 2015

Application and additional information is available online at <http://hhmi.unt.edu>

### Questions?

Email: [unt-hhmi@unt.edu](mailto:unt-hhmi@unt.edu)

Phone: (940) 369-7261
